Anthropology 15: Native People of North America

A survey of the origins, cultures, and customs of peoples indigenous to the North American continent with primary emphasis upon folkways dominant prior to interference by foreign cultures, and a secondary emphasis upon the status of Native Americans in the USA today. This course is designed to meet an ethnic studies requirement. (MJC ANTHR 150)

Transfer: UC/CSU. IGETC 4A, 4C; CSU-GE D1, D3
